Dear Dr. Goldzyher

I venture to recall myself to your memory having had the pleasure of meeting you at the Congress in Paris last autumn.

I should be so very much obliged to you if you would kindly tell me the work, edition of Ibn Hagar to which you refer on p. 257 Vol. I. of your most interesting Muhammedische Studien - which I have just been reading.

Note 3 refers to Ibn Hagar IV. 398
- is this to the Fath al Bari
Ibn Hagar al 'Asakani?
and if so is it to the Bulak
edition of A. H. 1200?

Forgive my troubling you in
this point - but I am engaged
in a book on the Topography
of Bagdad - I must look
up the note about Ibn
Hauwal's tomb.

Præwrite in German, which
I understand well enough, though
I do not attempt to write it.
